- Animal must be shown by a MJAA or NJAA Junior member (under age 21), to whom the animal is registered under. Exceptions can be petitioned to the Montana Angus Association Board.

- Exhibitors must have the original registration certificate issued by the American Angus Association available for inspection at the show for each animal or another current proof of ownership issued by the American Angus Association pedigree look up. Any animal, upon check-in, which does not have a legible permanent identification mark (ear tattoo marks, freeze-branded marks or hot-branded marks) corresponding to the permanent identification mark on the registration certificate, is ineligible to show. Once disqualified due to an incorrect or illegible permanent identification mark, animals cannot be reidentified (tattooed/branded) and rechecked at the show.

The Association may adopt and implement various tests designed to monitor this prohibition, including but not limited to a "white towel" or white glove" test. No aerosol cans or other pressurized containers will be allowed in designated line up areas.
- All animals exhibited are subject to DNA marker or blood type test to verify accuracy of parentage as covered under the Association Rules and for other testing as required by the individual show.
- Only one person at a time shall lead an animal into the show ring.
